Lifting/sliding systems

» Aluminium lifting/sliding systems

The WICSLIDE 160 lifting/sliding systems is ideal for all projects which require large sizes and outstanding thermal and acoustic performance. This lifting/sliding systems is characterised by sober lines, ergonomics, quality, security, ease of operation and simplified manufacture.

Aesthetic research today brings you a harmonious and sophisticated lifting/sliding system; the pure, sober lines of the minimalist design accentuate its large sizes. The locking parts, perfectly integrated into the fixed frame, present no sharp edges in the open position.

WICSLIDE 160

Technical characteristics

- Sash with two to five locking points according to the height of the sash
- Meeting points between leaves sealed by means of a screw-fitted hooking profile with coextruded gaskets
- Patented system at the top of the sash ensures water tightness in any position
- Stainless steel track provides increased durability
- Excellent burglar resistance, RC2 and RC2N
- Handles fitted on a 10 mm square drive.
- High thermal insulation version available with insulating profiles inserted

Outstanding performance

Maximum sizes

- W 3,240 mm - H 3,400 mm per sash, with a maximum weight per sash of 400 kg

Acoustic properties

- **Rw 47 Db** acoustic test passed for specific project in Lebanon
- Wicslide 160 lift & slide system 1 fixed frame + 1 sash thermally broken system, double glazing external glass
- Frame dimensions W 2640 x H 2798 mm

Thermal properties

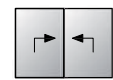

- Uw: 1.6 W/m².K, glazing Ug: 1.2 W/m².K (double glazing)
- Uw: < 1.1 W/m².K, glazing Ug: 0.6 W/m².K (triple glazing)
- Frame dimensions W 4,500 mm x H 2,300 mm

Weather performance

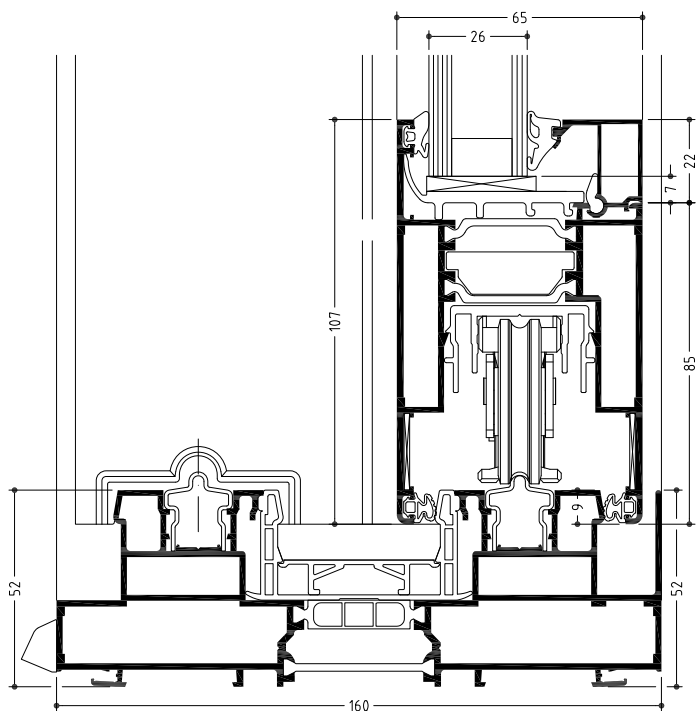

- Air: Class 4 - Water: E750A - Wind: Class C3 (Dimensions of two-leaf frame W 4,000 mm x H 2,500 mm)

Closure systems

Handles: A complete range of handles (with or without cylinder) caters for all applications.

Mushroom locking point: Running face plate incorporated into the sash, up to 5 locking points, additional accessories offer up to RC2 burglar resistance.

Flush-mounted strike plates: Fully incorporated into the fixed frame and without sharp edges, precluding the risk of catching clothing.

Sash accessories

Weather tightness (top): The patented WICONA system ensures continued weather tightness in all positions of the sash.

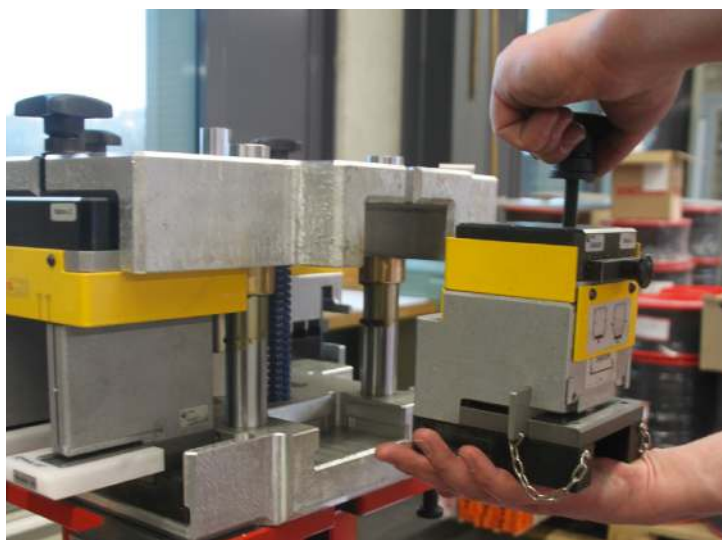

Weather tightness (bottom): A system of sealing parts assures perfect sealing with the stainless steel track.

Lift-and-slide system

Rollers with integrated brushes: The 44 mm diameter rolling system with the cleaning brush ensures smooth, silent and long-lasting operation.

Equipment

Reliability, productivity and durability of WICPRO equipment.

WICPRO®

Tools, punches and casings adapted for production.

The tools, punches and casings required for the fabrication of glazing systems for the WICONA range are customized for the system.

Perfectly adapted to our range of products, WICPRO tools offer a simple manufacturing process to suit your needs and ensure efficient and optimal production.

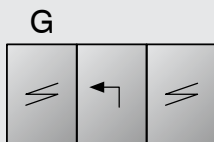

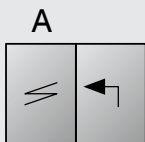

WICPRO offers a choice of punching machines and drilling jigs for customized products, etc.

WICPRO optimises tool related costs.
